

TWO MEN KILLED INSTANTLY IN U. S. 40 CRASH

SPEEDING WESTBOUND AUTO HITS BRIDGE ABUTMENT WED.

Two men were instantly killed Wednesday afternoon when their speeding westbound automobile sped off the National road pavement and crashed into bridge abutment a short distance east of Mt. Meridian.

The dead are: William Arthur Crecraft, 29, Terre Haute, and Guy Noble Hannis, 52, Benton, Ind.

So terrific was the force of the crash that Crecraft was thrown through the front seat and onto the back seat of the car, state police said. His right leg was torn off and he also suffered head and internal injuries. Hannis' body was found hanging half-out a door. He suffered broken back, compound leg fractures and internal injuries. Police said the car was traveling at high speed. It was demolished.

Skid marks indicated Crecraft attempted to stop the vehicle where it ran off the road and at the abutment, police said. Papers found on Hannis' body showed that he formerly worked at the U. S. Veterans' Administration Hospital on Cold Spring Road, Indianapolis. Unable to establish any connection with Crecraft, police said he apparently was a hitch-hiker.

The bodies of the two men were brought to Greencastle and prepared for burial by Charles McCurry, local undertaker. Crecraft's parents came here today from Kent, Ohio, to claim his body. Crecraft, according to McCurry, had been working as a chemist at the Commercial Chemicals plant in Terre Haute for the past six months. No immediate relatives of Hannis had been located Thursday morning although Mr. McCurry made several calls to points in Illinois Wednesday night.

C. of C. On Air At 7:30 Tonight

The Greencastle Chamber of Commerce will be heard over WGRE this evening at 7:30. The program is the dinner banquet of Greencastle businessmen and Putnam county farmers. The banquet will be held in the basement of Gohin church at 6:30. Speaker for the program which will be a half hour long, is Dr. J. B. Peterson, head of the Agronomy department at Purdue. His talk will concern soil conservation and its relation to community betterment.

"The Stage Is Set," an original student drama which was to be heard at 7:30 has been postponed until after Thanksgiving. WGRE will carry the broadcast, by remote control from Gohin. Announcer for the event will be Ken Kreuger.

SENATOR RECOVERING

MEMPHIS, Tenn., Nov. 17.—(UP)—Sen. Kenneth D. McKel-ear, D. Tenn., today suffered from "painful but not dangerous" burns which he received Tuesday when he slipped and fell into a bathtub full of steaming water.

The 80-year-old chairman of the Senate Appropriations Committee last night set at rest reports that he was in serious condition.

20 Years Ago IN GREENCASTLE

A counterfeit \$5 bill was passed at Bill Kocher's restaurant. Police checked on the bill and found that a stranger had attempted to pass it at the Star barber shop but Nelson Taulman had turned it down.

N. C. O'Hair and Tom Tuttle went to Newton county on a hunting trip.

Miss Kathleen Taylor underwent a mastoid operation at the Bethesda hospital in Chincinatti.

Mrs. O. J. Larkin was hostess to the Penelope Club.

SUPERFORTS CRASH IN AIR TAKING TOLL

STOCKTON, Cal., Nov. 17.—(UP)—Two Air Force B-29 Superforts collided head-on about midnight, killing at least 13 crewmen as the planes fell 26,000 feet into peat bogs below.

STOCKTON, Cal., Nov. 17.—(UP)—Two Air Force B-29 Superfort bombers collided head-on about midnight and crashed into the fog-bound peat bogs along the marshy San Joaquin river delta.

Search parties reported that at least two crewmen were killed. Four others were known to have survived. One of the two planes caught fire in the collision and fell flaming to the ground on McDonald Island. The other plane crashed two miles to the north across the river and buried itself in 16 feet of mud.

Three of the survivors parachuted from the second plane and were treated at the Stockton emergency hospital for minor injuries. They were then transferred to the naval annex. They were Pfc. Keith R. Burns, 19, Boise, Idaho; T/Sgt. D. Schmidt, 29, Megley, Ohio, and Sgt. Robert S. Kluge, 26, Spokane, Wash.

Lt. Warren Sherrick parachuted from the craft that burned. He was treated by Mrs. Edna Faccione, wife of the owner of a fishing resort, and returned to help search for survivors.

Sherrick said he thought he was the only survivor of his plane. He said that the planes were from a formation of five and were flying at 2,600 feet when the collision occurred.

Each plane ordinarily carries a crew of 11.

Early today rescuers were unable to determine the number of dead in the plane that burned on McDonald Island, but had recovered two bodies from that craft.

Reports from the other plane quoted searchers as saying they could see a "jumble of bodies" (Continued on Page Four)

U. S. Is Closing Consul's Office

CHUNGKING, China, Nov. 17.—(UP)—The United States announced its consulate and information service office in this Communist-threatened Nationalist capital will be closed after today.

It said the American consulate at Kunming, capital of the southwest China province of Yunnan, also will be closed, although not date was given. A Chinese press dispatch said the Kunming consulate will shut Nov. 30.

The Chungking consulate has aided most American business with the Nationalists since they abandoned Canton to the Communists.

The information service office suspended most of its work yesterday and began packing for the impending American evacuation.

The American action came as Communist forces fanned out north, south and west of captured Kweiyang, 200 miles from Chungking.

Communist troops heading north along the highway to Chungking neared Tsunyi, 75 miles from Kweiyang.

Another column moving southward out of Kweiyang pressed toward Tushan, 75 miles along the highway to Liuchow.

West of Kweiyang the Communists captured Chingchun, where a large airfield is located.

RUSSELLVILLE CLUB ENJOYED ANNUAL FEED

DUZ MEN'S CLUB PREPARES, SERVES BANQUET WED. NIGHT

The Duz Men's club of the Christian church of Russellville held its annual banquet in the church dining room Wednesday evening with a few more than 100 members and guests attending. On this rare occasion, the men only sign hangs out in the church. They prepare the dinner, the dining room, serve the good and last but not least, they really eat.

Wednesday evening the cooks included Vernon Gardner, Claude Grimes, Ralph McGaughey and Wayne Everman. They cooked up heaping lots of fine ham, potatoes, beans and several other good things that went to appease hungry appetites.

The young men who served the dinner included Bob Clodfelter, Roy England, Kennard Goff, Jim Perry, Dick Robbins, Gene Clodfelter, Sam Welch, Glen Everman, Buddy McGaughey and Ted Ramsey.

Rev. Fitch, pastor of the church offered the invocation and Elva Norman was toastmaster. He did a splendid job with his sense of humor and stories told in a pleasing manner that applied to the occasion. He presented the various committee chairmen who in turn introduced their committee members. The chairmen were Ralph McGaughey, cooks; Floyd Gardner, washing dishes; Glen Everman, waiters; Paul Carrington, table; John Harbison, tickets.

Mr. Norman told of the first church at Hebron, built in 1836; the first school, built in 1849 and the erection of the present church in 1905. He presented the Hebron quartet, composed of Gene Clodfelter, Roy England, Buddy McGaughey and Bob Clodfelter, who with their accompanist, "Hap" Gardner, supplied the music.

The address was given by the Rev. L. H. McAdow of Indianapolis, whose subject "The Peril of Satisfying the Crowd," was not only appropriate to the occasion, but he worked it into the present time when mob influences are swaying the nation in many different ways.

Roy Terry Has Corn All Picked

A score of the neighbors of Roy Terry of Mt. Meridian, who has been ill and unable to do his own farm work, gathered at his home Wednesday and picked his corn crop in about two hours time. Last spring they gathered and prepared the ground and planted this crop for Mr. Terry. It was another good neighbor act by his good neighbors.

DRIVE IN COUNTY ENDS THIS WEEK

The Putnam County CROP drive will close this week, as the townships gather up corn in trucks, which farmers throughout the county have pledged to his work. CROP is the Christian Rural Overseas Program, which sends bulk shipments of commodities to overseas countries for relief purposes.

Mr. Vernon Bigler, county chairman, announced today that the goal for the county of one car load of corn probably will not be met. However, he stated that the program got under way so late in this county that only six of the county's 13 townships attempted to work the program; and only five of those six will have donations to turn in. The five townships which are working are Monroe, Floyd, Warren, Washington, and Russell. Mr. Bigler also said that this is the first year Putnam County has been active in CROP and that another year should see the county organized one hundred percent.

The program will conclude Friday and Saturday as trucks go from farm to farm picking up corn which has been pledged by the farmers of the county.

Gives \$350,000

"I WANT to spread happiness to those who were kind to me and my late wife while I'm still alive to see their happiness," says James Powell, 74, Aurora, Ill., who gave away \$350,000 to friends, schools and charities in Aurora area. (International)

DePauw Means \$850,000 Each Year To City

More than \$850,000 a year is spent in Greencastle and environs by DePauw University students and house groups, according to H. H. Brooks, university comptroller.

Speaking before Rotary Club yesterday, Brooks also pointed out that the university spends more than \$220,000 in Putnam county just for items necessary for operations.

It can not be denied, Brooks said, that DePauw is an integral part of the community. Brooks pointed out that 84 employees of DePauw own their own homes, the assessed valuation is \$201,120. Personal property valuation of employees is \$65,370.

To clarify tax questions, Brooks said he thought the university "is justly entitled to what tax exemptions it has on its class room buildings and campus, because it is educating students for the state of Indiana and elsewhere at no cost to the state for tax appropriations to conduct its business."

He also pointed out that DePauw pays yearly taxes on all income producing real estate that it holds. Each student, he said, also receives "a scholarship" of \$165 from the university endowment above their tuition.

TRUCKER KILLED

MICHIGAN CITY, Ind., Nov. 17.—(UP)—Truck driver Clarence W. Miller, 32, Knox, Ind., was killed near here yesterday when his truck hit the rear of a car driven by Arden B. Overman, Kokomo. Overman was not hurt. Miller's truck jack-knifed off the highway.

TO BROADCAST PLAY

Six of the fifth grade pupils of Miller School, under the direction of Miss Talbott will broadcast a play entitled "Mother's Sit Down Strike" at 12:15 o'clock Friday over station WGRE.

The announcers are Sharon Harvey and Dale Dicks. Larry Casaway will take the part of the father; Patsy Collins, mother; Bill Fobes, John and Carol Killinger, sister. The remainder of the class will listen to the broadcast on the FM radio at Miller School.

VAST SEARCH UNDERWAY FOR MISSING B-29

BIG PLANE WITH TWENTY ABOARD LOST NEAR BERMUDA

Hamilton, Bermuda, Nov. 17.—(UP)—The U. S. Air Force, calling in planes from as far away as England and Texas, began its greatest peace-time search today for a B-29 Superfortress missing in the Atlantic off Bermuda with 20 men aboard.

Coast Guard planes, a British frigate and uncounted ships and smaller craft joined more than 100 Air Force bombers either already in flight or about to take off for a systematic search of 130,000 square miles of the Atlantic.

The missing Superfortress last was heard from 11:43 a. m. (9:43 a. m. EST) yesterday. Then Lt. Col. John Grable, Jr., pilot and commander of the 2nd Bomb Squadron, radioed that he was lost, had only five minutes fuel left and was preparing to "ditch."

The plane, on a 4,100-mile non-stop flight from March Field Air Base, Riverside, Calif., to Bermuda en route to England, carried an air crew of 11 men and a ground crew of nine. It lost its way in bad weather after its radio compass failed and searchers in vain for four hours for Bermuda before going down.

The Superfortress carried standard ditching equipment—two life rafts and sufficient life jackets for all 20 men. But an Air Force spokesman said the airmen's chances for survival would diminish if they are not found within 12 hours of ditching.

EXTRA!

NEW YORK, Nov. 17.—(INS)

Both prosecution and defense announced in Federal Court today they were "ready" for the second perjury trial of Alger Hiss.

Judge Irving Kaufman, supervising the criminal calendar, immediately assigned the case to Federal Judge Henry W. Goddard, who will preside over the trial.

Hiss, 44-year-old State Department aid, whose bid for exoneration was rejected by a hung jury 8 to 4 last June, denied government charges that he was a member of the pre-war Communist espionage ring.

WASHINGTON, Nov. 17.—(INS)—Vice President Barkley flies to St. Louis today for his wedding to Mrs. Carleton S. Hadley and the "Veep" said he is determined to keep their honeymoon destination a dark secret.

The prospective bridegroom planned to leave Washington this morning by commercial plane. The wedding is scheduled for tomorrow.

WASHINGTON, Nov. 17.—(INS)—The Justice Department today announced the indictment for treason of John David Provoost, 33, ex-army sergeant, charging him with 12 overt treasonous acts.

A federal grand jury in New York, among other things, accused Provoost of "having caused the death of Captain Burton Thomson of the United States army" while Thomson was a prisoner on Corregidor.

WASHINGTON, Nov. 17.—(INS)—President Truman today held a full-dress review of United States policy toward China and announced that a regional conference of U. S. diplomats in the Far East will be held at Bangkok in January.

The White House announcement stated that Ambassador-at-Large Philip C. Jessup will head the conference "which will have as its object a general review of the situation in the Far East."

The President conferred for an hour and 20 minutes with seven of his highest advisers on Far Eastern policy.

The conference, which was headed by Secretary of State Acheson, dealt with the situation brought about by Communist advances in China.

WASHINGTON, Nov. 17.—(INS)—The Shah of Iran served notice today that he will press for increased military aid to his country on ground that Iran is the key to peace in the Middle East and in fact the whole world.

The Shah, 30-year-old Mohammed Reza Pahlavi, told a news conference that he expects to ask American business interests for financial assistance during his current state visit to the United States.

The young ruler, resplendent in the uniform of commander-in-chief of the Iranian navy, received newsmen at the former residence of late Defense Secretary James V. Forrestal, recently leased by the State Department to house distinguished foreign guests.

PRESIDENTIAL ACTION LOOMS IN COAL CRISIS

TRUMAN MAY ASK LEWIS TO PUT DISPUTE BE- FORE BOARD

WASHINGTON, Nov. 17.—(UP)—President Truman was expected to ask John L. Lewis today to cancel the schedule Dec. 1 soft coal strike, and submit his dispute to a special Fact-Finding Board.

White House aides said Mr. Truman would give the United Mine Workers president, a few days to make up his mind. Lewis refuses to go along, the said, Mr. Truman would see an 80-day anti-strike injunction under the Taft-Hartley law.

The President may reveal his plans at his weekly (4 p. m. EST) news conference. He is sure to be asked about the government's next move in the deadlocked contract dispute. White House aides said he will have an answer ready.

Mr. Truman used the voluntary Fact-Finding Board procedure in the steel industry's recent wage and pension dispute. Informed sources said he already has asked three private labor experts to serve on a coal Fact-Finding panel. Their names were not revealed.

The panel would study the dispute and recommend a "settlement" if Lewis and the mine owners agree to forego strikes and lockouts for about 60 days. Coal operators reportedly would accept the proposal, but Lewis has indicated he would turn it down.

That would virtually force the President to invoke anti-strike provisions of the politically distasteful Taft-Hartley Act.

The G.O.-sponsored law authorizes the president to appoint a board to look into the dispute. Once it finds the national health and safety endangered, he could direct government lawyers to get a federal court injunction prohibiting a strike up to 80 days.

A Taft-Hartley board could make no settlement suggestions and the miners would be free to leave the pits at the end of 84 days if they voted to reject the operators' "final" offer.

Mr. Truman is said to be extremely reluctant to use the Taft-Hartley machinery. But he reportedly is determined to prevent the soft coal miners from striking again so close on the heels of the 52-day walkout. Lewis ended last week.

Chief Federal Mediator Cyrus S. Ching turned the coal dispute over to the White House early yesterday. He said he was convinced that "further mediation in this case would be fruitless."

Ching said Lewis has not budged from contract demands which the UMW estimates would increase the cost of mining coal by 30 to 35 cents a ton. The operators, he said, "seem more solid than ever" in their refusal to grant any improvements in a new contract.

POLIO TOLL 101

INDIANAPOLIS, Nov. 17.—(UP)—Indiana's 1949 polio death toll today stood at 101 as the disease claimed the life of Mrs. Mary Alice Ratcliffe, 28, Kingman.

Mrs. Ratcliffe died in a Danville, Ill., hospital yesterday after an illness of three weeks.

The Indiana State Board of Health listed 975 cases; it recorded the 101st death. Records for the worst previous year, 1940, showed 79 deaths.

The Pilgrims
DID IT THE
HARD WAY!

Preparing the very first Thanksgiving dinner was a big job. But the Mayflower Pilgrims had a Thanksgiving feast anyway!

Of course that was long before the days of Philgas, the modern fuel for farm and suburban homes. Today, you can enjoy modern cooking conveniences with Philgas and a beautiful Philgas-Tappan Range. Tasty golden brown turkey and all the trimmings... Thanksgiving dinner is so easy with this sparkling white Philgas-Tappan Range!

Thanksgiving 1949 will be a day to remember when you prepare dinner with this kitchen beauty. And there will be good cooking all year 'round... for years to come... with your Philgas-Tappan Range. Come in and see it today.

inside the B-29, but could not tell whether they were dead or injured.

First report of the crash reached the San Joaquin county sheriff's office after Sherrick stumbled two miles to a fishing resort on King Island.

The planes were from the Spokane, Wash., Air Force base and were on a routine "round robin" training flight to California.

The crash took place 12 miles west of Stockton about 11:45 o'clock (PST) last night.

der the direction of J. Russell Myers and accompanied on the Piano by Mrs. John Patterson. Following the devotions singing and a short business session, the annual auction sale was held with Russell Clapp graciously donating his services as auctioneer. Mr. Donelson and James McNeff served as clerks.

A lot of fun was had and a nice sum of money was cleared for the organization. The Ways and Means Committee with Mrs. McNeff as chairman, wish to thank everyone who helped to make the sale the success it was.

Cloverdale P.T.A.
In All-Day Meeting

The Cloverdale P.T.A. held an all day meeting at the Cloverdale school building Monday, November 14. This was a day in which parents were especially invited to visit the school and a chance to visit and eat at the school cafeteria.

There were forty-five who took this opportunity to eat at the school cafeteria.

At 1:30 p. m. the meeting was called to order by the P.T.A. president, Mrs. Joyce Cook.

Devotions were given by Mrs. Sam McCoy.

Secretary report was read by Alvina Ray. Also letters read asking that the P.T.A. give to an organization helping disabled veterans. It was decided that a collection be taken at the time and what ever amount was donated would be used for that purpose. The total sum of \$10.88 was raised.

Mrs. Lee, Benson, discussed plans for the bazaar to be held Saturday night, Dec. 3 at 6:30 p. m.

The motion was made and passed that the P.T.A. buy dishes and cabinet for the purpose of serving dinners. Anyone having dishes to donate is asked to contact Mrs. Leonard Mann.

The meeting was then turned over to Mrs. Berry, the health nurse and Mrs. Feabody secretary of the T. B. Association. Pictures were shown of how T.B. is contacted, how it is discovered and its cure and prevention. Children of the 1st, 16th and 9th grades are to receive patch tests November 28th and followed by X-rays the following week.

The picture of the month was won by the 1st grade.

There were thirty-nine members and eight guests attended this meeting. Three guests were visitors from Belle Union.

Refreshments were served and the meeting adjourned to meet again December 12.

A&P IS THE STORE THAT ENDEAVORS TO GIVE YOU MORE

Customers' Corner

Why will food prices go up if the Anti-Trust lawyers win their suit to put A&P out of business?

Here is just one of a number of reasons:

We manufacture many of the quality foods we sell in our stores, such as Bokar, Red Circle and Eight O'Clock Coffees, Ann Page Foods, White House Milk and many others.

Because this saves money we are able to pass along these savings to our customers in the form of lower prices.

The Anti-Trust lawyers have asked the court to order us to get rid of our manufacturing facilities, which would put an end to all these savings.

Make no mistake about it. If the Anti-Trust lawyers succeed in putting A&P out of business you will find your food bill is higher.

Inside WASHINGTON

MARCH OF EVENTS

Russ A-Bomb May Cause
Atlantic Pact Revisions

Several Congressmen Eye
Seats in Upper Chamber

Special to Central Press

WASHINGTON—There is a growing belief in some diplomatic and congressional quarters that Russian attainment of the atomic bomb secret creates a situation not foreseen when the Atlantic Pact was concluded. These authorities feel that some changes in Pact terms may be necessary. They concede that the Pact will deter Russia from aggression.

However, facing the absolute certainty that their cities would be destroyed in any future war, will the French, Belgians, Dutch and others be willing to accept an arrangement which involves a mere lessened possibility of war?

These authorities think Pact signatories which desire it should be released from the obligations placed on them by the Pact and that the United States should enter into separate agreements with them which would:

- 1—Obligate the United States to go to war if Russia attacks one of them.
- 2—Obligate the United States to respect their neutrality as long as it is respected by Russia, except if America is attacked by atom bombs first.
- 3—Obligate the United States to refrain from atom bombing any of the signatory nations as long as no atom bombs are produced in their territories.

● **AMBITION**—Any number of House members are industriously trying to pave their way to the more select Senate during the current recess of Congress.

The last election saw several of the representatives make the grade and many others have similar ambitions.

Rep. Mike Monroney, the sharp-minded Democrat from Oklahoma, for instance, is gunning for the senatorial seat of Senator Elmer Thomas, a fellow Democrat—in name, at least.

Rep. George A. Smathers of Florida has set his sights on the well-worn seat of Senator Claude Pepper. They are both Democrats, too.

One of the most spectacular contests promises to be that of beautiful Rep. Helen Gahagan Douglas, a California Democrat, who already has opened her fight for the seat of Senator Sheridan Downey, also a Democrat.

And in Colorado, Rep. John A. Carroll, a Democrat, is seeking his party's nomination so he can try to wrest a Senate seat from Republican Senator Eugene D. Millikin.

These and others have before them examples set in the last election by now—Senators Karl E. Mundt (R), South Dakota; Margaret Chase Smith (R), Maine; and Virgil Chapman (D), Kentucky.

● **TOUGH TRUMAN**—The full story was not told, but President Truman was rough and tough in his off-the-record talk to a group of businessmen.

News of the meeting leaked out after the White House tried to keep it a secret. Businessmen who attended the meeting at a Washington hotel said the chief executive told them it was silly to have nationwide strikes like those in the steel and coal industries. They added that the president advised them to get together for the nation's good and for their own welfare instead of fighting it out.

Among the group, unknown to the president, was a "ringer," a Republican leader of Congress, who was brought to the meeting by a business friend.

This GOP chieftain revealed that Mr. Truman delivered a two-faced speech to the assembled businessmen, most of whom have opposed his policies.

The president allegedly pounded the table and shook his fist. And before he finished he flung this challenge to the businessmen:

"I'm going to be in the White House until Jan. 20, 1953, and there isn't a thing you can do about it!"

IT'S HERE Tomorrow AND 50 WAYS NEW!

WITH THE EXCLUSIVE NEW 100 H.P. FORD

ITS QUIET WHISPERS QUALITY

It's the quiet of new super-fitted pistons, new "hushed" timing gear, new fan designed for better cooling at slower, quieter speeds. And what power! It's a full 100 horsepower wrapped up in V-8 design that makes you master of any road. It delivers more power than any other car anywhere near Ford's low price and sells for less than most conventional "sixes." And Ford offers a Six, too—an advanced Six with 95 horsepower.

NEW SOUND CONDITIONING

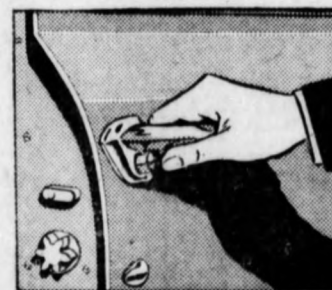

New "sound conditioning" in floor, doors and body panels insulates Ford's "Lifeguard" Body against road noises. More extensive body insulation and sealing in 41 areas give additional interior quietness and protection. Eleven new body colors are baked on.

There's a *Ford* in your future
...with a future built in

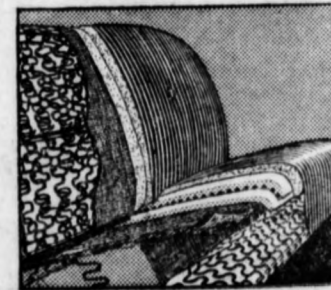

NEW "HUSHED" RIDE

Ford's famous "Mid Ship" Ride is now so quiet you can talk in whispers at highway speeds. So smooth (with its great team of "Hydra-Coil" and "Para-Flex" Springs) that it virtually erases every bump. So safe with its 35% easier-acting Safety-Sealed King-Size Brakes.

NEW QUALITY FEATURES

New quality is easy to find in this 50-way-new Ford. You find it in the new push-button door handles, in the new rotary door latch that needs only a feather-touch to open and close securely. You find it in new sparkling upholstery colors in your choice of broadcloth or mohair.

NEW DRIVING COMFORT

Not only does the 1950 Ford offer you more hip and shoulder room than any other car in its field—it offers you the long-lived driving comfort of a new foam rubber front seat cushion over new non-sag seat springs. It makes your long trip a short Sunday drive.

But see it for yourself
Drive it so you can feel
hear the difference
And price it and see how
less it costs than
any other really fine
